Main Campus is staffed 24/7. Other campuses are patrolled intermittently by Campus Police as well as by local police agencies. Approximately 700 security cameras both internal and external are located at all campuses and are monitored intermittently by Campus Police. Remote

JJCPD utilizes a number of methods to make students and staff aware of the various safety issues and concerns that exist on JJC campuses, and in their day to day routine both on and off campus. JJCPD also offers various training sessions on how to avoid victimization. Below is a list of some of the programs and presentations utilized to achieve those goals.

JJC Emergency Alert System: JJC has an (opt out) emergency alert system which sends out text, e-mail, RSS, social channels, WolfSafe app, and voicemail notifications in emergency situations to all registered credit students and employees.

Orientation Safety Presentations are made each semester by Campus Police and the Dean of Students or information is provided upon request for student groups, Discover JJC, New Student Orientation and other programs.

Drills: Annual fire drills are conducted on JJC campuses. Additionally, Active Shooter Drills are conducted annually for faculty, staff and students. Table top and full-scale drills are also conducted with the College Emergency Response Resource Team (ERT) per the College Emergency Operations Plan.

Semester Safety Bulletin: A safety bulletin has been created and distributed to all faculty along with a request that they spend time at the beginning of each semester discussing the safety issues in the letter such as evacuation, shelter etc. This bulletin will also be disseminated to all employees and students at the beginning of each semester via e-mail.

JJC Police Book: Each year an updated Police Book is printed and distributed throughout campus as well as being posted in PDF format on the JJC police website. This booklet contains the annual Clery ASR along with additional safety information.

Safety Presentations: Safety presentations by both Campus Police and Environmental Health and Safety are made to various employee and student groups such as Department meetings, Union Meetings, Student Government, Collegiate Club Council, upon request. These include Active Shooter Response as well as more routine safety discussions.

Evacuation and Shelter Maps are posted in all classrooms, office areas and in various public locations.

Emergency phones are clearly marked and located inside campus. Direct contact with Campus Police is initiated by the push of a button.. The JJC Emergency Panic System provides individual panic buttons for staff who work in areas where they feel isolated or where they could become involved in confrontational situations. Upon activation, these buttons send a prerecorded message to all Campus Police radios as well as to Police Dispatch. Currently, this system is available on Main, City Center, and Romeoville campuses. Alarm system panic buttons are available to staff at Weitendorf campus. The WolfSafe App features a "Mobile Blue Light" that simultaneously sends your location and places a call to JJC campus police.

JJC Camera System consists of approximately 700 cameras located on all campuses except Morris Education Center. These cameras are monitored intermittently by Campus Police dispatch as well as by CSOs at the various campuses. Morris Education Center has one external camera on the entrance that can be monitored.

Automatic External Defibrillators (AEDs): More than 70 AEDs are distributed strategically throughout all JJC campuses. Training is provided periodically to staff members on AED use and First Aid.

Sector Leaders: JJC has an extensive Sector Leader program which is made up of volunteer staff who assist in emergency situations, evacuations etc. and who serve as eyes and ears for problems on campus. These employees are trained in first aid as well as evacuation and various other emergency situations.

Police Liaison Officers are assigned to various departments and groups throughout the College to determine and respond to needs and safety concerns from those groups.

Escort Services are available upon request for escorts to and from vehicles. Contact Campus Police at 815-280-2234 or in G-1024.

Emergency Response Handbooks containing emergency numbers and response information for 12 potential emergency situations are distributed to staff and posted in classrooms, offices and public areas.

CRIMINAL ACTIVITY MONITORING (OFF CAMPUS):

Statement # 6 Covers Requirement Ch. 7(6)
JJC does not own any off-campus housing or off campus student organization facilities.

JJCPD and the Dean of Students address incidents of criminal activity or student misbehavior off campus, by use of the Student Code of Conduct when they are brought to the attention of the College.

The Student Code reads in part that "Discipline may be imposed for conduct which occurs on College premises, in or out of the classroom setting, while using College technology, at off-campus instructional sites, during off-campus College-sponsored events and for off-campus conduct which materially and substantially interferes with the College's operational and educational programs".

Not all off-campus student activities and travel needs to be reported. To be Clery reportable (Non-Campus), the activity must meet certain requirements. First, the college must have control over the space used for the student activity and/or travel. Control, as defined by the Clery Act, means that there is a written agreement (no matter how informal) directly between the college and the end provider for use of the space. Some examples of a written agreement leasing apartments, leasing space for athletic purposes, or an agreement for academic space. Second, the

controlled space must be used in direct support of, or in relation to, the institution's educational purposes and frequented by students. At JJC, "frequently used by students" is defined as meeting at least one of the following two criteria:

- More than one night.
- Repeated use of the same location - either during the same calendar year or annually.

A review of student travel was conducted by the - Campus Police to determine which locations met the criteria above. From that list, the- Deputy Chief of the JJC Police Department sent out requests for crime statistics in accordance with the Clery guidance. Any reported crimes are classified in the Off-Campus category.

ALCOHOL AND DRUG ABUSE/POSSESSION:

Statement # 7 Covers Requirements Ch. 7(7) and 7(9)

JJC is an alcohol and drug free workplace and facility. The use, possession or sale of alcoholic beverages and illegal controlled substances is strictly prohibited on all JJC properties, and violators will be subject to the Student Code of Conduct, criminal charges (state, local or federal), JJC Regulation Charges and/or disciplinary action. Though alcoholic beverages are not permitted on JJC property, additional criminal and/or internal charges are in place for persons under the age of 21 who are in possession of such beverages. There are limited circumstances in which alcoholic beverages are permitted at certain College sponsored events with authorization of the College President.

Statement # 10 **Covers Requirement Ch. 7(11)**

JJC has an (opt out) Emergency Notification System. Any employee or student contact number or e-mail address is automatically downloaded into the system which when activated will send out text, phone and e-mail messages with the relevant emergency information. These include timely warnings, severe weather events, school closings etc. Additionally, PA systems at Main, City Center, and Romeoville campuses are utilized to convey information regarding evacuation or sheltering information. At Morris and Weitendorf centers, the on duty CSO will make notifications as needed.

In situations where there is time to evaluate the need and content of a message, members of the College's - ERT will meet to prepare the message. These generally include at a minimum, the Executive Vice President, Chief of Police, EHS Manager, Director of Facility Services and Executive Director of Strategic Engagement or Communications Manager. This group will evaluate the details of the incident, the degree of danger or threat posed to the public, what action to be taken and the appropriate communication to be sent out. The Executive Director of Strategic Engagement and/or the Communications and Media Manager is responsible for the activation of the Emergency Notification System.

A Fire Drill is conducted each year that includes all campus locations.

Emergency Notification System	Checked by the Communications Department at least annually
PA System	Checked monthly
Panic System	Automatic Self Check weekly
Naloxone and AEDS	Checked monthly
Fire Extinguishers and Suppression Systems	Checked monthly

Statement # 11 **Covers Requirement Ch. 7(a)**

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of Police or designee, constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. The warning will be issued at a minimum, through the following methods:

- JJC employee and student e-mails
- JJC Web Site www.jjc.edu

Depending on the particular circumstances of the crime, especially in situations that could pose an immediate threat to the community and individuals, Campus Police may also issue the "timely warning" and related safety information via the Public Address System at the Main, Romeoville and City Center campuses. Weitenhof, and Morris Education Centers are not equipped with PA systems, but notification of occupants will be conducted by the on-duty Campus Police CSO.

CONFIDENTIAL REPORTING OF CRIMES (LIMITED):

Statement # 12 **Covers Requirements Ch. 7(3)(d)**

JJC does not specifically allow for confidential reporting of crimes, however, there are reporting methods that will minimize and, in some cases, eliminate the possibility that your information might become public. These crimes will be included in the annual disclosure of crime statistics, as applicable.

If you are the victim of a crime and do not want to pursue action through the criminal justice system, you may still want to consider one of the following reporting options:

1. Report to Campus Police or Dean of Students with the option of utilizing the Student Code of Conduct process. Code information is available at: <http://www.jjc.edu/student-resources/office-student-rights-responsibilities>
2. Report to Campus Police, Dean of Students or Student Wellness Advocates to make a report. In these cases, your report will remain confidential within the College system to the extent permitted by law. These reports will allow JJC to help insure your safety and the safety of other students or staff based on the information you provide. With such information, the College can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to particular locations, methods, or assailants, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crimes statistics for the institution.

If you are the victim of a crime and wish to remain anonymous or you have information on a crime that occurred or may occur, you may utilize any of the following reporting options, including reporting by counselors as outlined in the next section. In all of these reporting options it is not necessary to provide your name to make a report.

3. Silent Witness Program available on the JJCPD Website at: <http://jjc.edu/about/operational/campus-police/Pages/silent-witness.aspx>
4. Students and staff can download an application called Wolves Safe to their mobile devices, that has Mobile Bluelight, Friend Walk, Report a Tip, Social Escape, JJC Police Website, campus maps, Emergency plans, direct link to campus police, 911 and student resources. [Wolves Safe - App Download \(apparmor.com\)](http://WolvesSafe.com)
5. Will County Crime Stoppers [Crime Stoppers of Will County](http://CrimeStoppers.org)
6. Maxient Incident Reporting Form on the Dean of Student's Web Site <https://publicdocs.maxient.com/incidentreport.php?JolietJuniorCollege>

REPORTING BY COUNSELORS:

Statement # 13 **Covers Requirements 7(3)(d)**

Student Wellness Advocates have been notified through the Dean of Students of the need to advise self-reporting students of their reporting options outside of the Student Wellness venue. Student Wellness Advocates are informed that they can contact Campus Police or the Dean of Students directly, refer or accompany the student to Campus Police or the Dean of Students or provide the student with the opportunity to report the crime "confidentially" as stated in the "Confidential Reporting" section of this document, for recording in the Clery report.

Definitions:

For Title IX reports, definitions, as defined in 2.01.19, will be used in accordance with federal law. JJC will also support reports for the reported crimes below in accordance with state law. Title IX reports utilize the terms complainant (in place of victim) and respondent (in place of accused.)

Dating and Domestic Violence: Includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the State of Illinois, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the State of Illinois.

Stalking: Knowingly and without justification following or surveilling another on at least two separate occasions and threatening or placing in reasonable apprehension. Stalking occurs when a person knowingly engages in a course of conduct directed at a specific person and knows or should know that the conduct would cause a reasonable person to fear for one's own safety or the safety of another person, or suffer emotional distress, defined as "significant mental suffering, anxiety or alarm. Stalking in conjunction with causing bodily harm, confining or restraining a person or violating court order or injunction is also prohibited.

Sexual Assault: Physical sexual acts perpetuated against a person's will, without consent or where a person is incapable of giving consent (e.g. due to the person's age, use of drugs or alcohol, or because an intellectual or other disability prevents the person from having the capacity to give consent).

Sexual assault includes, but is not limited to, rape, sexual assault, sexual battery or sexual abuse including the touching of the sexual organs or breasts of another, the penetration of the mouth, vagina or anus however slight, with any object or organ.

Consent: Consent is defined by 720 ILCS 5/11-1.70(a,c) as "a freely given agreement to the act of sexual penetration or sexual conduct in question. Lack of verbal or physical resistance or submission by the victim resulting from the use of force or threat of force by the accused shall not constitute consent. The manner of dress of the victim at the time of the offense shall not constitute consent. A person who initially consents to sexual penetration or sexual conduct is not deemed to have consented to any sexual penetration or sexual conduct that occurs after he or she withdraws consent during the course of that sexual penetration or sexual conduct."

Confidentiality:

Any reports filed will be treated confidentially to the degree permitted by law. Personally, identifiable information will not be included in the Daily Crime Log or ASR or any other publicly released source unless required for criminal prosecution. Publicly available recordkeeping will not include personally identifiable information in accordance with section 40002(a)(20) of the Violence Against Women Act and other applicable laws.

In cases handled through the Student Code or Human Resources, the same level of confidentiality will apply to the extent allowed by federal and state law. Personal information of victims will only be disclosed to those who are directly involved in any investigatory, disciplinary or accommodation processes. It will be the responsibility of the Chief of Police, Dean of Students, Title IX Coordinator /Deputy Coordinators or Chief Human Resources Officer or their designees to assure that this policy is followed in cases handled in their particular areas.

Resources and Rights:

Joliet Junior College has available internal counseling provided by clinically trained Student Wellness Advocates for students and Employee Assistance Program resources for employees. Additionally, there are numerous external resources available for victims. Please see the section below on *"Preventing and Responding to Sex Offenses"* for a complete list of free resources.

Students or employees making reports will be provided with a written list of rights and options as to how to proceed. The institution will provide written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and the community. This will include victims reporting incidents that may have occurred off campus. For a complete list of rights please refer to the *"Preventing and Responding to Sex Offenses"* section below.

Accommodations and Protective Measures:

A list of victim's rights are also included in the comprehensive policy and in the *"Preventing and Responding to Sex Offenses"* section above. These include the written notification provided to victims about the availability of reasonable academic, living, transportation or work accommodations for the protection of the victim, regardless of the reporting option chosen by the victim. The institution must make such accommodations or provide such protective measures upon request if reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Accommodations or protective measures will be offered to all parties in a reported incident in accordance with federal and state law and all applicable College policies and procedures.

Investigation and Discipline:

The policies and procedures contain extensive information regarding all matters addressed in this statement. Any allegations that do not meet the standards outlined in Board Policy 2.01.19 Prohibition of Sexual Discrimination and Sexual Harassment (Title IX Allegations) may be addressed through Board Policy 02.01.01 Prohibition on Sexual Discrimination, Harassment, and Interpersonal Misconduct (Non-Title IX Allegations). The full procedures are available for both types of allegations at www.jjc.edu/Title-IX.

Investigations into allegations made, will be conducted promptly, fairly and impartially throughout the entire process. Rights of all parties will be strictly respected, including the right to have an advisor or witnesses present at all stages of the hearing. Those conducting the investigations will receive annual training regarding the investigation process and the crimes/violations. The preponderance of evidence standard will be used during all conduct proceedings.

If the investigation into an allegation results in a finding against the offender, a variety of disciplinary or criminal sanctions may be imposed. If the offender is a student, sanctions can include warnings, counseling, probation, suspension or expulsion. For employees, disciplinary action can include warnings, written or verbal reprimands or termination. Additionally, criminal penalties include supervision, probation and incarceration may be imposed if the case is pursued in the State Criminal Court process.

Both parties will be notified simultaneously of the outcome of any hearing, as well as the College's appeal process.

Level of Proof:

In cases referred through the Student Code, Title IX or Human Resources, the standard of proof required, is a "Preponderance of the Evidence". This means that it must be more likely than not (51%) that the offense occurred and the accused committed it. In the criminal proceedings, the standard of proof is "beyond a reasonable doubt."

SEX OFFENSES (PREVENTION AND RESPONSE):

Statement # 15 Cover Requirements Ch. 8(c)
